Skills and employment programmes

76 Te Ara Mahi projects 40,622 engaged/ enrolled
10 Regional apprenticeship schemes

565 engaged/ enrolled

7 Social capital projects 3,070 engaged/enrolled

PGF: Worker Redeployment as at 31 March 2021

In 2020, the government repurposed Provincial Growth Fund (PGF) money and unallocated funding from the Regional Investment Opportunities Contingency to help redeploy workers affected by the economic impact of COVID-19. This created immediate short-term employment opportunities for displaced workers, while also supporting regional assets. This ensured that essential infrastructure remained intact and minimised the impact on people, their communities, small businesses and local economic sectors.

> \$60m: **Road and rail**

18 road and rail projects

1,016.6km 1,009Ha

4,479 JOBS CREATED THROUGH PROJECTS SUPPORTED BY PGF WORKER REDEPLOYMENT FUNDING
